

Request For Removal or Termination of Placement

One mission of Firm Foundation, Inc. is to find safe, nurturing homes for our children. We strive to place children in an environment that will not only provide a secure and stable placement, but will also enhance the lives of the children we serve. With that goal in mind, we take great care and consideration before placing a child in any home. Nevertheless, there can be extenuating circumstances that require the removal or replacement of a child in another home. (e.g. a child requires a higher level of care than provided here at Firm Foundation.) In these cases, the foster parent may request the child be placed in another placement. Firm Foundation is dedicated to providing a stable foster experience for all children and does not take these requests lightly. However, if the parent feels the placement does not benefit the well being or needs of the child the request may be made. Please use the following form to make a request.

*Firm Foundation requires **at least a 30 day notice** to have a child removed from a home. Foster parents are required to complete a **Request For Removal Form** and submit it to the agency **prior** to a child being considered for removal.*

Please initial beside the check indicating your reason for placement termination.

1. Child presents a danger to household. _____
2. Child has made threats to harm himself or others. _____
3. Child is a danger to other children in the home _____
4. Foster parent has a change in health and/or financial stability. _____

Please write a statement below detailing the reasons for the request.
